

Weinhold Legal

We would like to invite you to webinar called:

“Venture Capital Financing of Technology Start Ups”

This set of two webinars will look at how venture capital financing transactions for technology and other start ups are developed and structured, with an emphasis on the legal and tax aspects of these transactions.

In the first webinar we look at an introduction to venture capital financing, including what venture capital financing is, what kinds of businesses may need it and how a business can prepare for a financing. The second webinar looks at the structure of a venture capital financing transaction by examining a typical term sheet.

As well as the legal issues behind a transaction, ASB Prague will guide you through the tax issues related to venture capital financings.

The first webinar will be held on 27th January, 2021 starting at 10 a.m. You can register [here](#).

Weinhold Legal team

Speakers

Pav Younis
Solicitor/Advokát

David Hlaváček
Senior Associate

WHEN

27th of January 2021 from 10 a.m.

RSVP
