WEINHOLD LEGAL SUCCESSFULLY REPRESENTES THE CITY OF KLADNO

In its judgment, the Supreme Administrative Court ruled in favour of the Statutory City of Kladno, which was successfully represented by Weinhold Legal, in a dispute concerning transport services on intercity bus routes. This is a unique case in which the court has for the first time laid down clear rules regarding the provision and financing of transport services by the Region and the municipalities in its district.

The court accepted almost all Weinhold Legal's arguments and overturned the incorrect views of the Central Bohemian Region, including the Region's view that it has the right to determine the extent to which a municipality will contribute to intercity services.
